While the applications for our tools are limited only by your imagination, our customers have used them for the following:

- ♦ Engraving
- ♦ Burnishing
- ♦ Dressing of Grinding Wheels
- ♦ Gauging
- ♦ Impact Marking
- ♦ Scribing
- ♦ Hardness Testing
- ♦ Scratch Testing
- ♦ Pressure Testing
- ♦ Scientific Testing
- ♦ Measuring Surface Finish Roughness
- ♦ Profiling

Our expert technicians will answer your questions and help you determine which diamond tool will be best for your application.

Contact us today with your requirements!
